

MSN 2015 CFP

The 11th IEEE International Conference on
Mobile Ad-hoc and Sensor Networks (IEEE MSN 2015)

Sponsored by IEEE,
Harbin Institute of Technology Shenzhen Graduate School
Shenzhen, China, December 16-18, 2015

Steering Committee Chairs

Xiaohua Jia, City University of Hong Kong
Jiannong Cao, Hong Kong Polytechnic University

General Chairs

Jianzhong Li, Harbin Institute of Technology, China
Hejiao Huang, Harbin Institute of Technology Shenzhen
Graduate School, China

Program Chairs

Hongwei Du, Harbin Institute of Technology Shenzhen
Graduate School, China
Giuseppe Anastasi, University of Pisa, Italy
Kui Ren, University at Buffalo, USA

Publicity Chair

Chih-Wei Yi, National Chiao Tung University
Qiang Ye, University of Prince Edward Island

Publication Chair

Wen Xu, University of Texas at Dallas, USA.

Registration Chair

Panpan Mei, Harbin Institute of Technology Shenzhen
Graduate School, China

Local Chair

Panpan Mei, Harbin Institute of Technology Shenzhen
Graduate School, China

Web Chairs

Chuang Liu, Harbin Institute of Technology Shenzhen
Graduate School, China
Shi Chen, Harbin Institute of Technology Shenzhen
Graduate School, China

INTRODUCTION

IEEE MSN 2015 provides a forum for researchers and practitioners to exchange research results and share development experiences in the field of mobile ad-hoc and sensor networks. Selected papers of particular merit will be recommended for consideration of fast track publication in special issues of SCI-indexed journals.

SCOPE AND INTERESTS

IEEE MSN 2015 is to bring together computer scientists, applied mathematicians, engineers in different disciplines and researchers to present, discuss and exchange ideas, results and experiences in the area of mobile ad-hoc and sensor networks.

Topics of particular interest include, but are not limited to:

- Multi-hop Wireless Networks and Wireless Mesh Networks
- Sensor and Actuator Networks
- Vehicle Ad Hoc Networks
- Mobile Social Networks
- Delay Tolerant Networks and Opportunistic Networking
- Cyber-Physical Systems
- Internet of Things (Protocols, Architectures & Novel Applications)
- System Modeling and Performance Analysis
- Routing and Network Protocols
- Data Transport and Management in Mobile Networks
- Resource Management and Wireless QoS Provisioning
- Security and Privacy
- Cross Layer Design and Optimization
- Novel applications and Architectures

IMPORTANT DATES

Submission Deadline:	August 1, 2015
Notification of Paper Acceptance:	September 28, 2015
Camera Ready due:	October 8, 2015

PAPER SUBMISSION

All papers need to be submitted electronically through the conference website with PDF format. The materials presented in the papers should not be published or under submission elsewhere. Submit a full paper with 8 pages plus up to 2 extra pages (two columns, single-spaced), including figures and references, using 10 fonts, and number each page. .

PAPER PUBLICATIONS

Once accepted, the paper will be included into the IEEE conference proceedings published by IEEE Computer Society Press (indexed by EI). Authors (at least one) of any accepted paper are requested to register at the conference.

SPECIAL ISSUES

1. International Journal of Sensor Networks (SCIE Indexed)
2. Ad Hoc & Sensor Wireless Networks: An International Journal (SCI Indexed)
